**Subject:**

**Inclusion of sewerage scheme(s) of rural areas as MLA Priority under Rural Water Supply Sector.**

Sir,

I am directed to inform that as per existing guidelines, two schemes in each sector viz. Roads & Bridges, Minor Irrigation and Rural Water Supply are prioritized every year by the Hon'ble MLAs for inclusion in the MLA priority scheme. The State Government has also decided to include the sewerage schemes of rural areas for funding as MLA Priority under Rural Water Supply Sector. The sewerage scheme may be proposed for group of villages/panchayats with common sewerage treatment plant.

2. In view of the above, Hon'ble MLA may also consider prioritizing the rural sewerage scheme(s) of the concerned constituency in the Rural Water Supply Sector or substitute the same in place of the existing priorities as per the approved guidelines. However, total number of priorities under three sectors will remain unchanged i.e. six in a year.

3. The concerned panchayats/public/beneficiaries may be motivated to make them active partner in operation and maintenance of the sewerage system after completion of the project(s).

Yours faithfully,

  
(Akshay Sood)
